INTRODUCTION

Kent's Rural and Community Housing Enabling service (RACE) undertook a local Housing Needs Survey in Hever. The survey was undertaken as part of Sevenoaks District Council's 5 year district wide programme of local housing needs surveys being carried out by RACE.

Housing Needs Surveys investigate the affordable housing needs of people who live in or have close ties to a parish, town or rural area and provide an independent report of that need, using a transparent and robust methodology. They investigate the needs of older households of any tenure needing to downsize or move to more suitable housing for their needs.

The Hever Housing Needs Surveys is valid for 5 years, to April 2029.

BACKGROUND INFORMATION

The 2021 <u>'Parish Councillors' Guide to Rural Affordable Housing'</u> states that 'Across the country there is a lack of affordable housing to rent or buy in many villages, in some there is none at all. This causes hardship for people across the generations, young people just starting out on an independent life, families trying to provide for their children and older people who have lived in the village for most of their lives but whose growing frailty means they can no longer manage in their current home.' Due to high property prices within the Sevenoaks District, the same challenges arise in more urban settlements and towns.

The Kent Rural Housing Protocol 'A Guide to Developing Affordable Homes in Rural Communities' states that 'Within the County of Kent, most land (85%) is classed as "rural" and over 40% of businesses in Kent are based in rural areas. KHG recognise that provision of affordable housing is vital to ensure that communities continue to thrive and prosper.'

Small developments of local needs housing can provide affordable homes for local people, thereby enabling them to stay in their community, benefit from family and friends' networks and contribute to local life. This can make a real difference to the sustainability of communities and the vitality of local services and amenities.

The housing needs of older people has also been a subject of concern given the growing numbers in that age group whose needs are not being met by the market. A nine month enquiry starting in 2017 on Housing and Care for Older People concluded in their report¹ that 'policy makers must recognise the growing housing needs of older people living in the countryside. It recommends that Local Planning Authorities ensure provision of new homes for older people, noting the value of both the building of small village developments – "perhaps six bungalows on an unused scrap of land" or larger scale retirement schemes in towns close by.'

RACE is an independent service for Kent, delivered through the <u>Kent Housing Group</u> and is supported by Local Authorities across Kent and Medway, including Sevenoaks District Council. RACE's Rural Housing Enablers will undertake a housing needs survey, analyse the results, and where appropriate, help identify potential suitable sites for the development of new local needs housing, ie Rural Exceptions Sites, or to secure a proportion of the affordable housing to be provided on larger sites to meet the needs of local people, ie Local Lettings Plans.

If new local needs housing is to be developed on a Rural Exceptions Site, a partnership will be established between the Parish/Town Council, the preferred housing provider, eg housing association, and the local authority. Proposals for new local needs housing will be developed and

the community consulted. The independent role of the Rural Housing Enablers helps to ensure any eventual local needs housing scheme proceeds smoothly and for the benefit of the community.

HOUSING IN HEVER

The Census 2021 tells us 71.1% of households in Hever are owner occupiers, 10.6% live in social housing and 18.3% live in private rented housing or are living rent free. The housing stock comprises 13.2% flats and 85.6% houses or bungalows.

There are a total of 54 social housing properties in Hever parish, none of which are provided as local needs housing. The majority of social housing properties are owned by West Kent Housing Association. This follows the transfer of the Sevenoaks Council housing stock in 1989. Social housing is let in accordance with the Sevenoaks District Allocation Policy or direct by the landlord Housing Association. There are currently no local needs housing schemes in the parish where priority would be given to those with a strong local connection to Hever. This means social housing vacancies are allocated to those with a connection to the Sevenoaks District, ie the new tenant is unlikely to necessarily have a local connection to Hever.

High property prices mean that some local people are unable to afford a home in Hever. At the time of writing the report the cheapest (and only) property for sale was a detached 3 bedroomed house for £650,000; for a first time buyer to afford this property an estimated 10% deposit of £65,000 would be required along with an income of approximately £130,000 based on a mortgage of $4.5 \times 10^{-5} \times 10^{-5} \times 10^{-5}$ where the time buyer to afford this property an estimated 10% deposit of £65,000 would be required along with an income of approximately £130,000 based on a mortgage of $4.5 \times 10^{-5} \times 10^{-5}$ where the time buyer to afford this property an estimated 10% deposit of £65,000 would be required along with an income of approximately £130,000 based on a mortgage of $4.5 \times 10^{-5} \times 10^{-5}$ where the time buyer to afford this property an estimated 10% deposit of £65,000 would be required along with an income of approximately £130,000 based on a mortgage of $4.5 \times 10^{-5} \times 10^{-5}$ where the property are the first time buyer to afford this property and 4.5×10^{-5} where $4.5 \times 10^{-5} \times 10^{-5}$ where 4.5×10^{-5} was a detached 3 bedroomed house for £65,000 would be required along with an income of approximately £130,000 based on a mortgage of 4.5×10^{-5} where $4.5 \times 10^{-5} \times 10^{-5}$ where $4.5 \times 10^$

SURVEY METHODOLOGY

An A5 postcard providing information and online links for completion of the survey was posted to every household in Hever in March 2024. Only residents with a housing need were asked to respond. 520 surveys were posted with 17 completed surveys returned.

SUMMARY

Of the 17 returns, a need for up to 8 affordable homes, for the following local households was identified:

- 3 single people
- 2 families with children
- 3 couples without children
- 2 of the 8 households include older people
- 5 of the households live in Hever Parish and 3 live outside the Parish but indicated local connections.

There was no expression of need for more appropriate housing for older homeowners.

ANALYSIS AND RESULTS

Following the receipt of the completed surveys analysis of the responses was undertaken and the results are detailed below:

- 17 surveys were completed
- 9 surveys were disallowed for the following reasons:
 - o 2 x surveys indicated no wish to remain in Hever Parish
 - o 6 x surveys indicated no need for affordable housing nor housing for older people
 - o 1 x survey did not indicate any local connection

Identified need for Affordable Housing

Total Number of Affordable Homes Required	8
Respondent Current Location	5 x live in Parish
	3 x live outside Parish
Respondent Current Housing	1 x renting from Housing Association
	3 x living with relatives
	4 x private rented
Household Composition	3 x single people
	2 x families
	3 x couple
Tenure Preference (more than one choice allowed)	7 x Affordable Rented*
	2 x Shared Ownership Low-cost home
	4 x First Homes Jownership
	*Social housing
Level Access Housing Required	None
Older Households	2
Specialised housing requirement	None

Analysis shows that no respondents indicated having a deposit towards a low-cost home ownership option. This indicates that the majority need is for social housing.

There was no identified need for alternative housing for older homeowners.

ADDITIONAL INDICATION OF LOCAL HOUSING NEEDS

Information obtained from Sevenoaks District Council's Housing Register indicates there are currently 27 households registered who have indicated a local connection to Hever Parish, requiring the following social housing: 6 x 1 bedroom, 12 x 2 bedrooms, 6 x 3 bedrooms, and 3 x 4 bedrooms.

CONCLUSION

The Hever Housing Needs Survey demonstrates that at least **8 new affordable homes** are required to meet the needs of local people. From the responses received it is currently demonstrated that no open market properties for older homeowners wanting to downsize or move to more suitable housing, are required.

The housing needs survey is an important source of evidence in measuring the housing needs of local people. Complementary indicators of housing need, including data from the Sevenoaks

District Housing Register, verified local registrations of interest held by partner Housing Associations and data captured through ongoing engagement within the local community, can also provide suitable robust evidence. The Housing Needs Survey together with complementary indicators, ensure local housing needs data remains valid over a five-year period. All such evidence may be used to support the delivery of new affordable homes to meet the needs of local people.

HEVER HOUSING NEEDS SURVEY

4th March 2024

Dear Hever Parish Resident,

The Rural and Community Housing Enabling service (RACE) is working with Sevenoaks District Council and Hever Parish Council to establish whether there is a need for affordable housing and/or housing for older residents, including current homeowners, in the parish.

It is widely recognised that people living on low or even average incomes can face real difficulties trying to find a secure and affordable home in the area where they live and/or work in. RACE is working with Hever Parish Council to understand what the local housing need is and how local people can be supported to stay close to their support networks, work or education.

We also know that some older people, including homeowners, can struggle to find alternative housing that better suits their needs whilst enabling them to remain in their community.

This survey is designed to see if such housing is needed in the parish for people with strong local connections (the local connection criteria can be seen at Q6 of the survey form).

If you or anyone in your household has a housing need, even if they've had to move away to find housing elsewhere, please return this survey by the <u>3rd April 2024</u>. Households might be single people, couples or families. It is only necessary to complete this survey if you feel you are in housing need. Please complete one survey per household in housing need. <u>The survey should take no more than 15 mins to complete</u>.

The findings of the survey will be produced in a report and published on the Hever Parish Council website: www.hever.org

Instructions for returning the paper survey are at the end of the form.

Thank you. Your input is important and appreciated. RACE (Rural and Community Housing Enabling) www.kenthousinggroup.org.uk/race 07825 967570
