INTRODUCTION

Kent's Rural and Community Housing Enabling service (RACE) undertook a local Housing Needs Survey in the Parish of Dunton Green. The survey was undertaken as part of Sevenoaks District Council's 5 year district wide programme of local housing needs surveys being carried out by RACE.

Housing Needs Surveys investigate the affordable housing needs of people who live in or have close ties to a parish, town or rural area and provide an independent report of that need, using a transparent and robust methodology. In addition, they investigate the needs of older households of any tenure needing to downsize or move to more suitable housing for their needs.

The Dunton Green Housing Needs Surveys is valid for 5 years, to November 2029.

BACKGROUND INFORMATION

The 2021 '[Parish Councillors' Guide to Rural Affordable Housing](#)' states that 'Across the country there is a lack of affordable housing to rent or buy in many villages, in some there is none at all. This causes hardship for people across the generations, young people just starting out on an independent life, families trying to provide for their children and older people who have lived in the village for most of their lives but whose growing frailty means they can no longer manage in their current home.' Due to high property prices within the Sevenoaks District, the same challenges arise in more urban settlements and towns.

The Kent Rural Housing Protocol '[A Guide to Developing Affordable Homes in Rural Communities](#)' states that 'Within the County of Kent, most land (85%) is classed as "rural" and over 40% of businesses in Kent are based in rural areas. KHG recognise that provision of affordable housing is vital to ensure that communities continue to thrive and prosper.'

Small developments of local needs housing can provide affordable homes for local people, thereby enabling them to stay in their community, benefit from family and friends' networks and contribute to local life. This can make a real difference to the sustainability of communities and the vitality of local services and amenities.

The housing needs of older people has been a subject of concern given the growing numbers in that age group whose needs are not being met by the market. A nine month enquiry starting in 2017 on Housing and Care for Older People concluded in their report¹ that 'policy makers must recognise the growing housing needs of older people living in the countryside. It recommends that Local Planning Authorities ensure provision of new homes for older people, noting the value of both the building of small village developments "perhaps six bungalows on an unused scrap of land" or larger scale retirement schemes in towns close by.'

RACE is an independent service for Kent, delivered through the [Kent Housing Group](#) and is supported by Local Authorities across Kent and Medway, including Sevenoaks District Council. RACE's Rural Housing Enablers (RHE) will undertake a housing needs survey, analyse the results and where appropriate, help identify potential suitable sites for the development of new local needs housing, i.e. Rural Exceptions Sites, or to secure a proportion of the affordable housing to be provided on larger sites to meet the needs of local people, i.e. Local Lettings Plans.

If new local needs housing is to be developed on a Rural Exceptions Site, a partnership will be established between the Parish and or Town Council, the preferred housing provider, e.g. Housing Association, and the Local Authority. Proposals for new local needs housing will be developed and

the community consulted. The independent role of the RHE helps to ensure any eventual local needs housing scheme proceeds smoothly and for the benefit of the community.

HOUSING IN DUNTON GREEN

The Census 2021 tells us 66.6% of households in Dunton Green are owner occupiers, 14% live in social housing and 19.4% live in private rented housing or are living rent free. The housing stock comprises 33.2% flats, 64.2% houses or bungalows and 2.6% a caravan or other mobile or temporary structure.

There are a total of 208 social housing properties in the Parish together with shared ownership properties. The properties are owned by West Kent Housing Association, Moat Housing and Orbit Homes. Social housing is let in accordance with the Sevenoaks District Housing Register Allocation Policy or direct by the landlord Housing Association. There are currently no local needs housing schemes in the Parish where priority would be given to those with a strong local connection to Dunton Green. This means social housing vacancies are allocated to those with a connection to the Sevenoaks District, i.e. the new tenant is unlikely to necessarily have a local connection to Dunton Green.

High property prices in the parish, mean that some local people are unable to afford or secure a home in Dunton Green. Searches of www.rightmove.co.uk found the cheapest open market property to buy within the parish at the time of writing this report was a 1-bedroom apartment for £250,000; for a first-time buyer to afford this property an estimated 10% deposit of £25,000 would be required along with an income of approximately £50,000 based on a mortgage of 4.5 x income. The cheapest available private rented property was a 1-bedroom apartment for £1,110 per calendar month; an income of approximately £44,400 per annum would be required to afford this property (affordability is based on rent being no more than 30% gross income).

There were nine shared ownership properties for sale in Dunton Green on the 'Share to Buy' website at the time of writing this report. The cheapest being a 2-bedroom apartment with a full market value of £255,000. This was offered for sale at £102,000 for a 40% share. To afford this property a gross income of £39,424 would be required

SURVEY METHODOLOGY

An A5 postcard providing information and online links for completion of the survey was posted to every household in Dunton Green Parish in September 2024. Only residents with a housing need were asked to respond; options were provided for those unable to use the online method. 1,559 surveys were distributed with 13 completed surveys returned.

SUMMARY

Of the 13 returns, a need for up to 11 affordable homes, for the following local households was identified:

- 2 x single people
- 5 x families with children
- 1 x family with adult children (intergenerational living)
- 1 x other
- 2 x couples
- 1 of the 11 households includes an older person
- 7 of the households currently live in Dunton Green and 4 live outside and have indicated local connections to the parish.

ANALYSIS AND RESULTS

13 surveys were completed; 2 surveys were disallowed for the following reasons:

- 1 x respondent (an older homeowner) indicated no wish to remain in the Parish
- 1 x respondent did not indicate any local connection criteria

Identified need for Affordable Housing

Total Number of Affordable Homes Required	11
Respondent Current Location	7 x live in Parish 4 x live outside Parish but indicated a local connection
Respondent Current Housing	4 x private rented 2 x living with relatives 5 x renting from Housing Association
Household Composition	2 x single people 5 x families with children 1 x family with two adult children (intergenerational living) 1 x other 2 x couples
Tenure Preference (more than one choice allowed)	11 x Affordable Rent 2 x Shared Ownership - Low-cost home ownership 2 x First Homes - Low-cost home ownership
Level Access Housing Required	None
Number of older households requiring affordable housing	1

Analysis shows that no respondents indicated having a deposit towards a low-cost home ownership option. This indicates that the majority need is for rented affordable housing, i.e. social housing.

Identified need for alternative housing for older homeowners

- Total Number of Homes Required - 0

There were no responses from older homeowners seeking an alternative home.

ADDITIONAL INDICATION OF LOCAL HOUSING NEEDS

Information obtained from Sevenoaks District Council's Housing Register indicates there are currently 71 households registered who have indicated a local connection to Dunton Green Parish requiring the following social housing:

- 21 x 1 bedroom
- 25 x 2 bedrooms
- 18 x 3 bedrooms
- 7 x 4 bedrooms.

CONCLUSION

The Dunton Green Housing Needs Survey demonstrates that at least **11 new affordable homes** are required to meet the needs of local people.

The housing needs survey is an important source of evidence in measuring the housing needs of local people. Complementary indicators of housing need, including data from the Sevenoaks District Housing Register, verified local registrations of interest held by partner Housing Associations and data captured through ongoing engagement within the local community, can also provide suitable robust evidence. The Housing Needs Survey together with complementary indicators, ensure local housing needs data remains valid over a five-year period. All such evidence may be used to support the delivery of new affordable homes to meet the needs of local people.
