INTRODUCTION

Kent's Rural and Community Housing Enabling service (RACE) undertook a local Housing Needs Survey in the Sevenoaks Town area. The survey was undertaken as part of Sevenoaks District Council's 5-year district wide programme of local Housing Needs Surveys being carried out by RACE.

Housing Needs Surveys investigate the affordable housing needs of people who live in or have close ties to a parish, town or rural area and provide an independent report of that need, using a transparent and robust methodology. In addition, they investigate the needs of older households of any tenure needing to downsize or move to more suitable housing for their needs.

The Sevenoaks Town Housing Needs Surveys is valid for 5 years, to February 2030.

BACKGROUND INFORMATION

Across the country and within the Sevenoaks district there is a lack of affordable housing to rent or buy. This causes hardship for people across the generations, young people just starting out on an independent life, families trying to provide for their children and older people who have lived in the area for most of their lives but whose growing frailty means they can no longer manage in their current home. Due to high property prices within the Sevenoaks District, these challenges arise in both rural settlements and towns.

Small developments of local needs housing can provide affordable homes for local people, thereby enabling them to stay in their community, benefit from family and friends' networks and contribute to local life. This can make a real difference to the sustainability of communities and the vitality of local services and amenities.

The housing needs of older people has been a subject of concern given the growing numbers in that age group whose needs are not being met by the market. A nine-month enquiry starting in 2017 on Housing and Care for Older People concluded in their report¹ that 'policy makers must recognise the growing housing needs of older people. It recommends that Local Planning Authorities ensure provision of new homes for older people, noting the value of both the building of small village developments "perhaps six bungalows on an unused scrap of land" or larger scale retirement schemes in towns close by.'

RACE is an independent service for Kent, delivered through the [Kent Housing Group](#) and is supported by Local Authorities across Kent and Medway, including Sevenoaks District Council. RACE's Rural Housing Enablers (RHE) will undertake a Housing Needs Survey, analyse the results and where appropriate, help identify potential suitable sites for the development of new local needs housing. In towns such as Sevenoaks this can be achieved by securing a proportion of the affordable housing to be provided on larger sites to meet the needs of local people through Local Lettings and Sales Plans.

HOUSING IN SEVENOAKS TOWN

The Census 2021 tells us 67.9% of households in Sevenoaks are owner occupiers, 11.9% live in social housing and 20.2% live in private rented housing or are living rent free. The housing stock comprises 25.1% flats, 74.8% houses or bungalows and 0.1% a caravan or other mobile or temporary structure.

¹ [Rural Housing for an Ageing Population](#): Preserving Independence. Happi 4- The Rural HAPPI Inquiry. April 2018. Jeremy Porteus

There are a total of 997 social housing properties in the Town. The properties are mainly owned by West Kent Housing Association. Social housing is let in accordance with the Sevenoaks District Housing Register Allocation Policy or direct by the landlord Housing Association. There is currently no local needs housing in the Town where priority would be given to those with a strong local connection to the Town. This means social housing vacancies are allocated to those with a connection to the Sevenoaks District, i.e. the new tenant will not necessarily have a local connection to Sevenoaks Town.

High property prices in the town, mean that some local people are unable to afford or secure a home there. Searches of www.rightmove.co.uk at the time of writing this report, found the cheapest open market property to buy was a 2-bedroom apartment for a guide price of £225,000; for a first-time buyer to afford this property an estimated 10% deposit of £22,500 would be required along with an income of approximately £45,000 based on a mortgage of 4.5 x income. The cheapest available private rented property was a 1-bedroom apartment for £1,000 per calendar month; an income of approximately £40,000 per annum would be required to afford this property (affordability is based on rent being no more than 30% gross income).

There were three shared ownership properties for sale in Sevenoaks town on the 'Share to Buy' website at the time of writing this report. The cheapest being a 2-bedroom house with a full market value of £345,000. This was a resale property, offered for sale at £172,500 for a 50% share. To afford this property a deposit of £8,625 would be required and the total monthly housing cost (mortgage plus rent plus service charge) would be £1,151. To afford this property, a gross income of approximately £38,800 would be required.

SURVEY METHODOLOGY

An A5 postcard providing information and online links for completion of the survey was posted to every household in the Sevenoaks Town area in November 2024. Social media was also widely used to promote the survey. Only residents with a housing need were asked to respond; options were provided for those unable to use the online method. 9,022 surveys were distributed with 68 completed surveys returned. This is a disappointing level of return. The survey period was extended to ensure local people had ample opportunity to take part and RACE publicised the survey through a very wide variety of social media and local services and organisations, including the Sevenoaks Housing Hub.

SUMMARY

Of the 68 returns, a need for up to 52 affordable homes, for the following local households was identified:

- 16 x single people
- 23 x families with children
- 11 x couples
- 2 x other
- 11 of the 52 households includes an older person
- 46 of the households currently live in Sevenoaks Town and 6 live outside and have indicated local connections.

In addition to the above, there was a requirement for 14 x homes for older homeowners.

ANALYSIS AND RESULTS

68 surveys were completed. 2 surveys were disallowed for the following reasons:

- The respondent was a younger homeowner who wanted alternative open market housing.
- The respondent submitted two surveys

Identified need for Affordable Housing

Total Number of Affordable Homes Required	52
Respondent Current Location	46 x live in the Town 6 x live outside the Town but indicated a local connection
Respondent Current Housing	25 x private rented 15 x living with relatives 7 x renting from Housing Association 1 x shared ownership 1 x homeowner (divorce) 3 x other (2 x homeless. 1 x tied accommodation)
Household Composition	16 x single people 11 x couples 23 x families with children 2 x other (Share with friend. 2 adults and 1 child)
Tenure Preference (more than one choice allowed)	42 x Affordable Rent 10 x Shared Ownership 21 x First Homes 2 x Self-build <div style="display: inline-block; vertical-align: middle; margin-left: 20px;"> } Low-cost home ownership </div>
Level Access Housing Required	4
Specialised Housing Requirements	12
Interest in Cohousing for older households	4
Number of older households requiring affordable housing	11

Analysis shows that 12 respondents indicated having a deposit towards a low-cost home ownership option.

This indicates that the majority need is for rented affordable housing, i.e. social housing.

Identified need for alternative housing for older homeowners

14 respondents said they were older homeowners/households wanting to buy more suitable housing on the open market.

Total Number of Homes Required	14
Respondent Current Location	14 x live in the Town
Respondent Current Housing	13 x homeowner 1 x living with relatives
Household Composition	4 x single people 10 x couples
Tenure Preference (more than one choice allowed)	12 x open market 2 x self-build
Type of housing required (more than one choice allowed)	2 x flat 10 x house 7 x bungalow 3 x level access accommodation without support 2 x co-housing for older people
Number of Bedrooms Required	2 x 1 bed 5 x 2 bed 5 x 3 bed 1 x 4 bed

ADDITIONAL INDICATION OF LOCAL HOUSING NEEDS

Information obtained from the Sevenoaks District Council's Housing Register indicates there are currently 238 households registered who have indicated a local connection to the Town requiring the following social housing:

- 84 x 1 bedroom
- 75 x 2 bedrooms
- 57 x 3 bedrooms
- 22 x 4 bedrooms.

CONCLUSION

The Sevenoaks Town Housing Needs Survey demonstrates that at least **52 new affordable homes** are required to meet the needs of local people. From the responses received it demonstrates at least **14 open market properties for older homeowners** wanting to downsize or move to more suitable housing, are required.

The Housing Needs Survey is an important source of evidence in measuring the housing needs of local people. Complementary indicators of housing need, including data from the Sevenoaks District Housing Register, verified local registrations of interest held by partner Housing Associations and/or Parish/Town Councils and data captured through ongoing engagement within the local community, can also provide suitable robust evidence. The Housing Needs Survey together with complementary indicators, ensure local housing needs data remains valid over a five-year period. All such evidence may be used to support the delivery of new affordable homes to meet the needs of local people.

SEVENOAKS TOWN HOUSING NEEDS SURVEY

November 2024

Dear Sevenoaks Town Resident,

The Rural and Community Housing Enabling service (RACE) is working with Sevenoaks Town Council and Sevenoaks District Council to undertake a housing needs survey in Sevenoaks Town. The purpose of the survey is to find out if new **affordable housing** for people all ages with strong local connections to the Town is needed. This might be due to people living in insecure/expensive private rented housing, a young person unable to move from the family home or essential workers who have had to move away to find cheaper housing elsewhere.

The survey also seeks to understand whether there are **older homeowners** who need alternative housing, maybe because their present home is too large or unmanageable, but they want to remain living in the town community.

It is widely recognised that people living on low or even average incomes can face real difficulties trying to find a secure and affordable home in the area where they live and/or work. RACE is working with the Town Council to understand what the local housing need is and how local people can be supported to stay close to their support networks, work or education.

The survey can help shape new housing delivery in the Town. The results of survey will be published on the Town Council's website.

If you or anyone in your household has a housing need, even if they've had to move away to find housing elsewhere, please return this survey by **10th January 2025**. Households might be single people, couples or families. The survey should take around 10 mins to complete.
